

## Master in Economics

### Master Dissertation

The topic of the Master's dissertation must be chosen by the student during Semester 2 (deadline 1st May) or Semester 3 (deadline 15th November) and approved by the Director of the MSc program. The dissertation has to be defended during Semester 4, with the consent of the dissertation supervisor, provided the student has already obtained a minimum of 75 credits towards completion of the program. The dissertation may be linked to an internship outside the University, with the approval of the Scientific Committee.
