

## The meaning of emotion words (MiniGRID)

Sex M F

Age

Student Yes No

Native language

Imagine that a speaker of your native language as spoken in your country or region uses one of these emotion words to describe an emotional experience. Please describe, for each of the words, the probability for the following reactions to occur. Indicate your response choosing one of the numbers from 1 (extremely unlikely to occur) to 9 (extremely likely to occur):

### Feelings

How likely is it that the person felt the emotion...

1. very intensely
2. for a long time

### Bodily reactions

How likely is it that the person had the following bodily sensations?

3. weak limbs
4. rapid heart rate
5. rapid breathing
6. sweating

### Expression

How likely is it that the person...

7. had the jaw drop
8. frowned
9. closed the eyes
10. spoke more loudly

### Behavioral tendencies

How likely is it that the person...

11. wanted to tackle the situation
12. wanted to sing and dance

### Event evaluation

How likely is it that the event that caused this emotion...

13. occurred suddenly
14. was unpredictable
15. was pleasant for the person
16. happened by chance
