

RESEARCH SEMINAR

FAMILY LAW - CHILDREN'S RIGHTS STUDIES

In collaboration with the Centre for Children's Rights Studies (CCRS), the Department of Civil Law of the Faculty of Law of the University of Geneva is organizing a series of research seminars, focusing on topics related to family law and children's rights. Its aim is to give doctoral students working on these issues a space to present their current thesis projects as well as their original contribution to the field.

As interdisciplinarity is increasingly gaining ground in the field of legal science, these research meetings are also a place where doctoral students will share with us their possible links to other scientific disciplines and explain the place they give them in their work. Each doctoral student will invite an expert from another field to provide a differentiated perspective on his/her work.

To this end, we kindly invite you to this series of seminars to appreciate the richness and diversity of interdisciplinary research in Family law and Children's rights studies.

FAMILY LAW - CHILDREN'S RIGHTS STUDIES

Friday, April 12, 2019

from 9 am to 12:30 pm, Uni Mail, room M3020
