

Science for an Inclusive Future for All

Round table

Friday, December 2, at 12h00-13h30, Room M2193 Uni Mail

The Convention on the Rights of Persons with Disabilities (CRPD) was adopted in 2006. It was a historic milestone in advancing the rights and development of persons with disabilities. This round table aims to create a space to reflect on progress made, lessons learned and how scientists, activists and social society organisations can work together to promote equity and full participation of persons with disabilities in all aspects of society
