

MOODLE : Tutorial no 7a

How to enable students
to review their assessed assignment

Etape 2 How to enable the students to consult the assessed assignment

- This tutorial is a supplement to tutorial 7, please refer to it to create the "assignment" activity on Moodle, on the dedicated page: [Coronavirus/collaborators/remote teachings](#)
- The work remittance settings can be set up while you create your "assignment" activity or afterwards.
- The rest of this tutorial assumes that your "assignment" activity has been created and that you simply want to set up the handing over of the work.
