

Activités pour les classes de 3P-4P

Espace (MSN 11)
Figures géométriques

Travailler autrement les formes géométriques au cycle 1

Nous remercions tous les enseignants qui ont participé à notre projet avec enthousiasme. Leurs commentaires ont été essentiels à la réalisation de cette brochure.

Nous remercions également les élèves qui nous ont permis un retour direct et encourageant sur le matériel proposé.

TRAVAILLER AUTREMENT LES FORMES

GÉOMÉTRIQUES AU CYCLE 1

Activités pour les classes de 3P-4P Espace

Figures géométriques (MSN 11)

Proposition de tâches d'évaluation

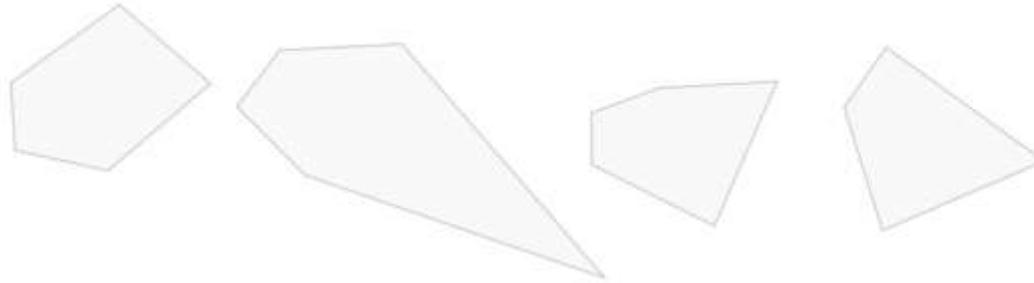

Entoure () la forme qui est différente des autres et justifie ton choix.

Entoure () la forme qui est différente des autres et justifie ton choix.

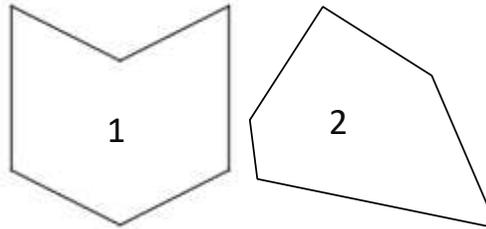

Entoure () la forme qui est différente des autres et justifie ton choix.

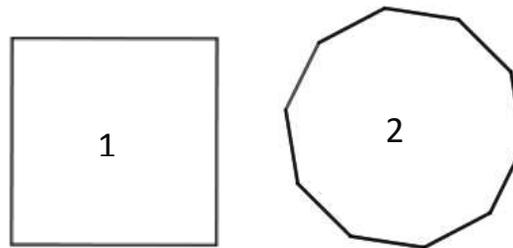

Entoure () la forme qui est différente des autres et justifie ton choix.

Trouve le plus possible de différences entre ces deux formes et décris-les.

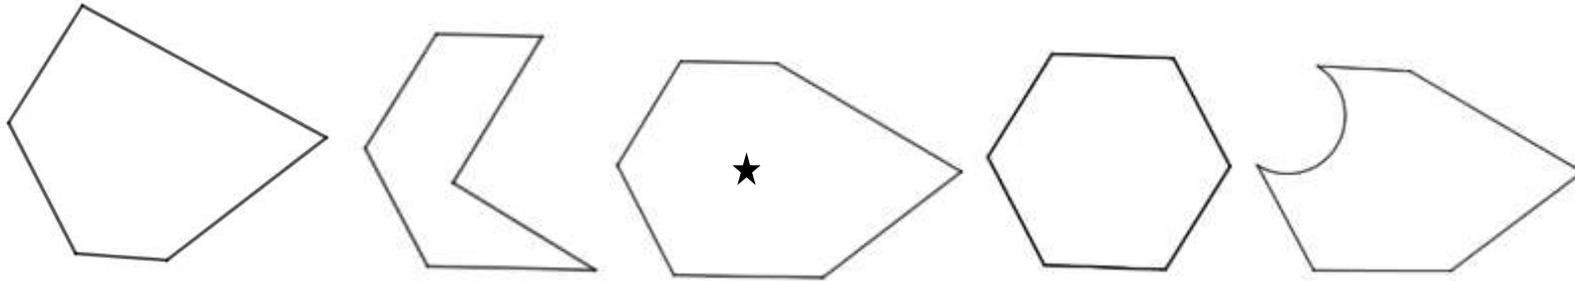

Trouve le plus possible de points communs entre ces deux formes et décris-les.

Proposition de tâches d'évaluation

Ton copain Paul et toi avez ces cinq pièces devant vous :

Tu dois écrire à Paul la forme marquée d'une étoile afin qu'il la retrouve en un seul coup parmi les cinq pièces disponibles.

Attention, Paul ne sait pas où est l'étoile et l'ordre et l'orientation dans lequel ses pièces sont disposées ne sont pas les mêmes. Tu as le droit d'écrire tout ce que tu souhaites, mais tu ne peux pas faire de dessins.
