Numerical Optimization and Simulation	S601006	Econométrie	A	4 + 2	6

Elective courses / cours à choix (12 credits)

Students must choose two courses (total of 12 credits) from one of the two tracks below. It is possible to replace electives by equivalent outside courses subject to the approval of the Scientific Committee. Examples of possible outside courses: Advanced courses in economics for doctoral students at Gerzensee Study Center or Doctoral summer schools in econometrics in any other recognized University. The scientific committee's explicit approval is required for all outside courses.

Methodology Track

Enseignement	Code	Disc. / Thém.	Semestre	Heures heb.	Crédits
Applied Economics Workshop	S601028	Econométrie	P	4	6
Advanced Statistical Inference	S601030	Statistique	A	2 + 2	6
Generalized Linear and Additive Models	S601032	Statistique	P	2 + 2	6
Financial Econometrics	S601034	Comptabilité Finance	A	2 + 2	6

Applied Track

Enseignement	Code	Disc. / Thém.	Semestre	Heures heb.	Crédits
Applied Economics Workshop	S601028	Econométrie	P	4	6
Advanced Development Macroeconomics	EI054	HF	A	2	6
Advanced Development Microeconomics	EI012	HF	P	2	6
Advanced International Trade A	EI015	HF	A	2	6
