Master's Programme

MASTER IN WEALTH MANAGEMENT

The Master in Wealth Management combines a professionally-oriented curriculum with sound theoretical and methodological training. This combination is essential to gain in-depth knowledge of both wealth management and the financial sector in general, and to contribute to their evolution, in particular through research.

The programme includes required classes, two possible specialisations (finance and law) and electives in subjects such as risk management, financial asset selection and valuation, international finance, and banking and financial law.

Concentrations:

- Finance
- Law
