

Bordeaux-Geneva Colloquium in Philosophy of Biology

10-11 October 2017

2, rue Daniel Colladon, Genève

Tuesday, 10 October 2017

- | | |
|-------------|--|
| 10:15-11:15 | Leonardo Bich: "Naturalising Biological Teleology: An Organisational Account" |
| 11:15-11:30 | <i>coffee break</i> |
| 11:30-12:30 | William Bausman: "Against Lloyd's Methodological Monism: The View From Community Ecology" |
| 12:30-14 | <i>lunch</i> (Uni Dufour cafeteria) |
| 14-15 | Christine Clavien: "A Graphical Approach to Hamilton's Rule" |
| 15-16 | Lorenzo Casini: "Variable Definition and Causal Inference: The Role of Independent Component Analysis" |
| 16-16:30 | <i>coffee break</i> |
| 16:30-17:30 | Thomas Pradeu: "Why is Immunology Essential to Biological Individuality?" |
| 19:00 | <i>Workshop dinner</i> |

Wednesday, 11 October 2017

- | | |
|---------------|--|
| 9:30-10:30 | Derek Skillings: "A Framework for Individuation and Individuality in Biology" |
| 10:30-11:00 | <i>coffee break</i> |
| 11:00-12:00 | Marcel Weber: "Synthetic Models, Analogue Simulation and Experiment" |
| 12:00-13:00 | Michal Hladky: "Simulations of Experiments and <i>in silico</i> Experiments in Neuroscience" |
| 13-open ended | <i>lunch</i> (Uni Dufour cafeteria) |
