## TRAINING FOR STAFF WHO COMMISSION WORK FROM EXTERNAL COMPANIES

Organisation of hot-spot work (FR)

Organisation of the safety of external companies (FR)

UNIVERSITY OF GENEVA

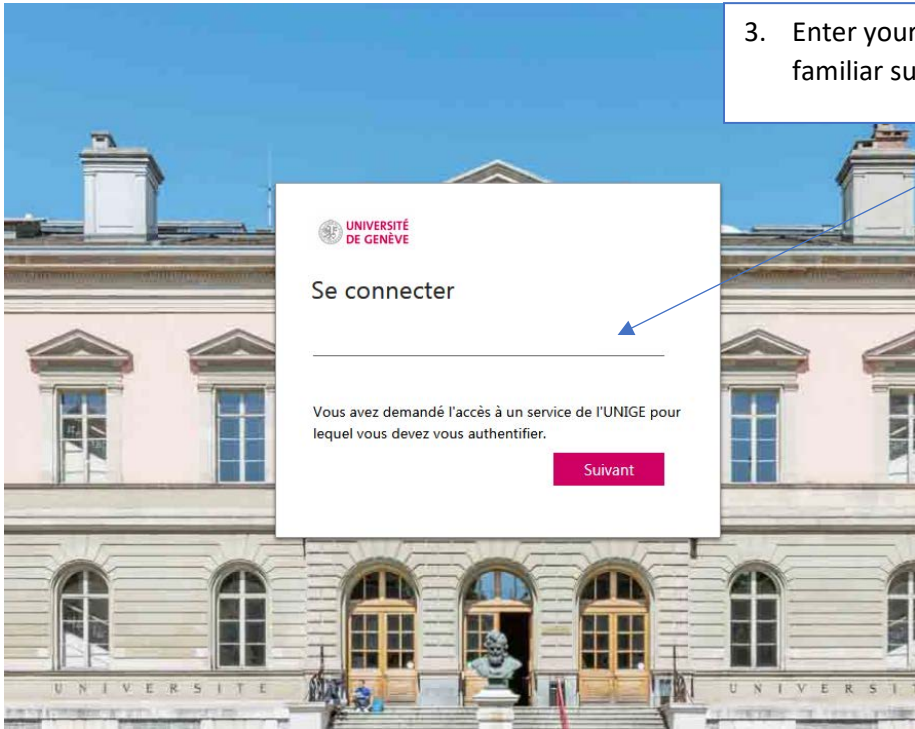

ADMISSION

24 Avenue Général Dufour

Information

2. In the window that opens, click on the UNIGE logo.

A screenshot of the UNIGE login page. At the top left, there are two buttons: 'Login UNIGE' and 'Login avec e-mail'. The 'Login avec e-mail' button is circled in blue. Below the buttons, there is text in French and English: 'Pour vous connecter cliquez sur le logo de l'UNIGE -&gt;' and 'To connect click on the UNIGE logo -&gt;'. To the right of this text is the UNIGE logo, a red square with the university's emblem. A blue arrow points from the 'Login avec e-mail' button to the UNIGE logo. A text box at the bottom of the screenshot contains the text: 'A connection without an ISIS account (by creating a login) is possible, but only with an hcuge and etu.unige email address.'

3. Enter your ISIS credentials in the now familiar successive windows.

Prénom : *Obligatoire*

4. At the first connection, fill in all the different fields that will be used by STEPS for follow-up (in particular, creation of a new person, attachment to the employment entity).

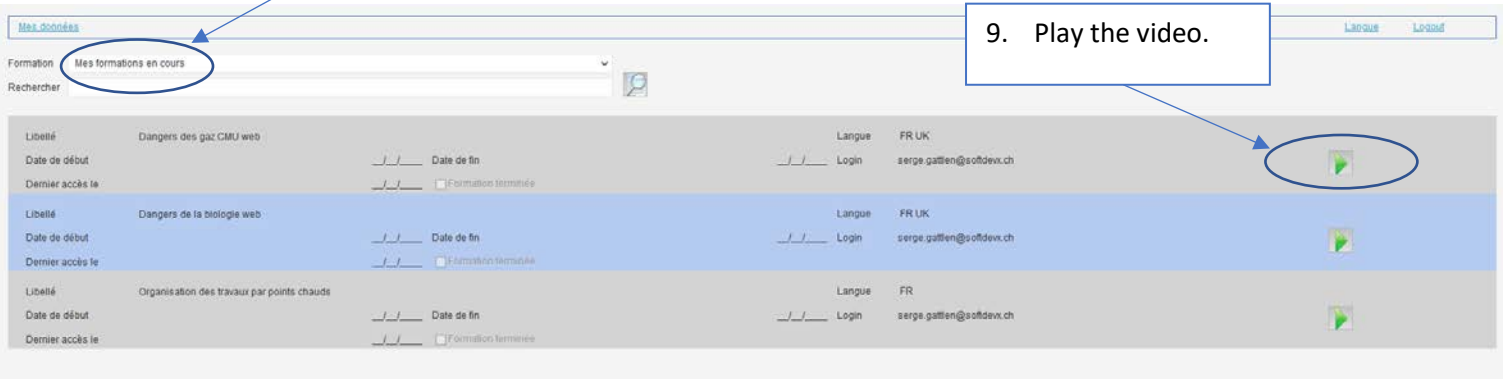

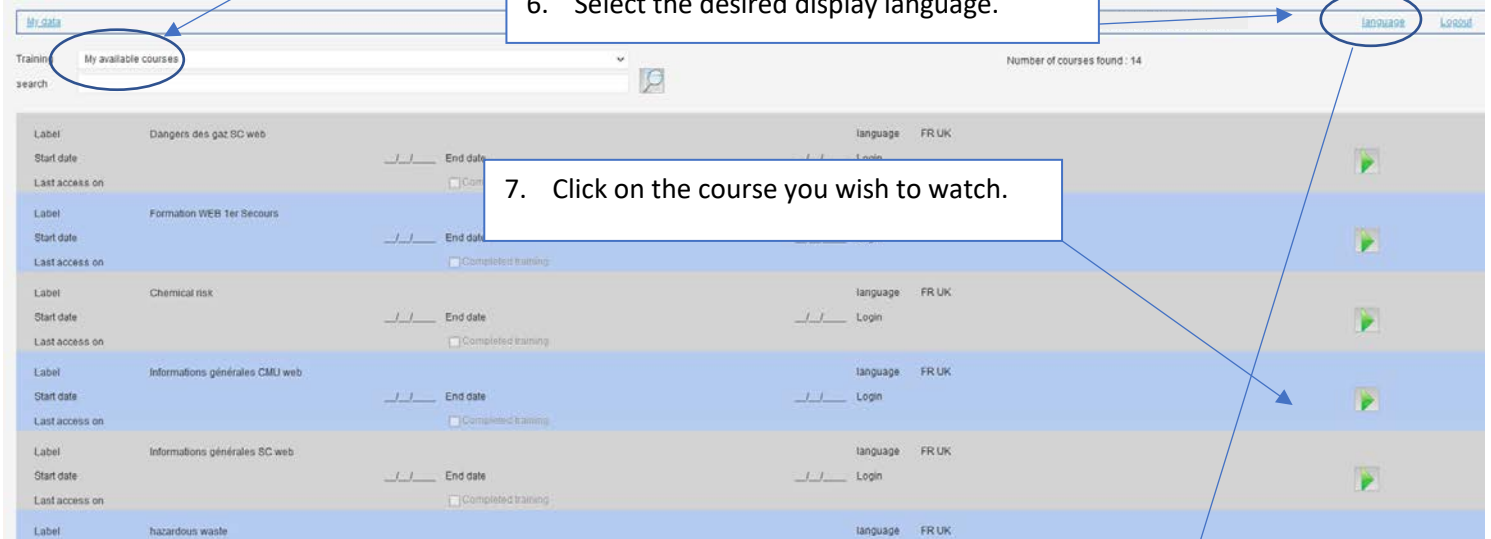

5. You will then arrive at your (new) training space: when you first access it, all the courses are in the "Available courses" area.

6. Select the desired display language.

7. Click on the course you wish to watch.

8. The selected course is automatically transferred to your "My current courses" space.

9. Play the video.

Accueil formations

Début du questionnaire

La formation « Risque biologique » se déroule en trois étapes :

- visionnez la vidéo
- répondez au questionnaire
- une fois le questionnaire complété, vous recevrez votre attestation par la suite

Pour commencer le questionnaire, cliquez sur la langue de votre choix  
To start the survey, click on the language of your choice  
Um den Fragebogen zu starten, klicken Sie auf die Sprache Ihrer Wahl

10. Select the language of the video.  
Viewing can be paused and resumed at will.

11. After passing the final questionnaire, the course is automatically moved to the completed courses area.  
It can be reviewed at any time!
