

Medical Certificate for Accommodations Request (MCAR) at UNIGE

If you are diagnosed with an Autism Spectrum Disorder (ASD) and your health condition significantly affects your ability to take exams under fair conditions compared to other students, you have the right to request accommodations to compensate for your disadvantages. The Special Needs Office at UNIGE evaluates each situation individually to determine if accommodations are justified and can be offered to mitigate the disadvantages a student may face during exams. It is therefore essential that we receive relevant and complete information from your healthcare provider.

Please note that the form must be completed and signed by you and your healthcare provider.

Name, first name, and date of birth:

Diagnosis according to recognized classification system (ICD-11 or DSM-5):

Diagnostic tests used (ADOS, ADI-R, CARS):

Current symptoms:

Describe the functional impact of the disability/disorder/illness on taking university exams:

Have you previously benefited from accommodations? If yes, which ones:

Presence of other associated disorders? If yes, which ones:

We hereby confirm the accuracy of the information provided.
